CORPORATE SERVICES

Welcome

The very nature of Etna Urban Winery, being an oasis amongst the urban sprawl of Catania, makes it the perfect exclusive setting for private hire and events.

Easily accessible from the city centre and the airport, this historical winery has been thoughtfully reconstructed in the last decade to provide every visitor with the space and tranquility they need to gain a more creative perspective.

Venue Spaces

The spaces have been designed with group gatherings and events in mind, offering a choice of several locations on site. We have two indoor and three outdoor spaces on site, all equipped with meeting and presentation facilities:

Palmento
Stanza Natura
Corte Celestre
Giardino Etna
Giardino Saje

Palmento

Palmento

The **Palmento** epitomizes everything the historical winery stands for. Heritage, culture, hard work and its rewards, and of course, enjoyment.

Being an 18th century wine cellar, the more lower lit, intimate nature of the **Palmento** and its cellar

makes it a great space for presentations, social events and talks, for example. Particularly in winter.
